

# Executive Education

## Finance for Leaders and Executives

*Assert Your Position in Financial Discussions!*

### Overview

As leader, the decisions you make can have a significant impact on the financial well-being of your organisation. It is thus critical to have the required set of knowledge and techniques for making well informed decisions that will enhance shareholder value.

Join Dr Mokoteli for a unique opportunity to leverage knowledge, through broadened understanding of key finance concepts, for better management and strategic decision-making capabilities. You will have improved communication at executive platforms and with different departments within your organisation. Whether you are in marketing, operations, human resources, engineering or other nonfinancial areas, this workshop is of great benefit.

### Learning Outcomes

In a highly collaborative learning environment, you'll develop a comprehensive view of:

- how budgeting fits into wider strategic planning and control process of an organisation
- the role of financial accounting in the wealth creation process
- the analysis of financial statements and using financial statements to drive strategic decisions.
- the importance of time value of money in financial decision-making
- projects appraisals and the process of investing that creates value and enhance shareholders value

### Topics

The course is structured as follows:

#### **Day 1**

- Overview of finance functions
- Understanding financial statements and their role in wealth creation
- Analysis of financial statements including Du pont analysis

#### **Day 2**

- Finance strategic planning including budgeting
- Time value of money
- Rational investment decisions and projects appraisals

#### **Day 3**

- Managing working capital
- Overarching case study

## Teaching method

The learning approach will involve a combination of taught classes, practical exercises and discussion. The key issues will be introduced in the lecture programme. The conceptual elements will be reinforced by the use of practical exercises, case studies and classroom discussion.

## About Presenter

Dr Thabang Mokoteli (PhD, MAcc, BCom) is currently a senior lecturer in Finance at Wits Business School (WBS), South Africa. She specialises in Investments and Financial Statements Analysis and Disclosure. Previously she was a Finance Officer at Standard Chartered Bank. She served as a non-executive director at Nozala Investments Ltd (SA) and Life's Comfort Solutions (Lesotho), and is currently a non-executive in StorTech (a subsidiary of Vodacom SA).
